TEUTONS PLAN BALKAN DRIVE

War Council Orders 300,000 Troops to Near East Zone.

(By the International News Service.) London, Sept. 14.—Three hundred thousand Teuton troops will be dispatched at once from other theaters of war to the Balkan front. Germany will furnish 200,000; Austria-Hungary, 100,000 men. This army, combined with the German, Bulgarian, and Turkish forces, is the nearest approach to the dual alliance which the central powers and their allies regard as absolutely vital for the continuation of the war—the crushing of Roumania and the repulsion of the allies from Macedonia—so as to safeguard the communication between the Teutonic empires and their eastern allies, the Orient.

This according to a wireless dispatch from Rome, based on reliable authority, is the decision reached by the central council of the central powers at the Kaiser's headquarters in the East. "Offensive in the Balkans, defensive everywhere else," is the slogan created by the recent developments in the Near East as the result of Roumania's intervention.

Evidence of a gradual shortening of the German western front are accumulating. Indications that Verdun will be abandoned is contained in today's Paris war office statement that a whole division has been sent from that front to the Somme. The German line in Picardy lines the Teutons are feverishly constructing new defense systems.

Late tonight news came from Amsterdam that large numbers of German troops stationed in Belgium are being transferred to the eastern front, presumably to relieve front-line units sent from the Russian to the Balkan theater. All passenger service on the German railroads has been held up for two days to facilitate troop movements.

VICTORY CERTAIN FOR ALLIES, AVERS BRIAND

French Premier Makes Long-Awaited War Statement.

(By the International News Service.) Paris, Sept. 14.—Complete victory of the allies and a subsequent peace were predicted in a simultaneous speech by Premier Briand in his anxiously-awaited speech before Parliament today, reviewing the recent developments in the great war.

The premier affirmed the intervention of Italy and Roumania as "contributing no little to hastening victory. While admitting that the Bulgarian invasion of Roumania 'increases the difficulties' of this country, he expressed the certainty that these will be overcome.

M. Briand's speech dealt at length with the allies' occupation of Greek territory. The action of the Entente, he said, was justified and necessary, not only to safeguard the allies' troops, but also "to preserve Greece's independence from the greed of our enemies."

The Saloniki armies, he asserted, are "on the march to victory" and will shatter the central empires' eastern dream. He emphasized the thorough consolidation of all allied efforts and their complete unity of feeling and action.

The premier, while declaring that "victory can no longer escape us," warned against excessive optimism, saying that the allies' triumph was not a foregone conclusion and that they must be prepared to meet any new developments.

BULLET VICTIM DIES; CHARGE NOW MURDER

Slayer of 16-Year-Old Girl Awaits Grand Jury Action.

Elise Saccy, the 16-year-old girl who was shot at Seventh and D streets southwest, Tuesday night, died at Emergency Hospital yesterday afternoon at 3:30 o'clock.

The bullet that caused the girl's wounds was not located. Dr. A. Magruder Macdonald said last night that the ball probably was lodged in some place in the muscles of her back. The girl's intestines were punctured in twenty-one different places.

The charge against Edward Grindler, arrested after the shooting, who is being held without bond, has been changed from assault with intent to kill to murder. He will be brought before the coroner's jury this morning at 11:30.

Young Grindler was brought into Police Court yesterday, and a formal charge of assault with intent to kill was placed against him. He sticks to the story that the discharge of the gun was an accident, and that he had no intention of shooting the girl.

BOY OF 8 DROWNED IN ANACOSTIA RIVER

Wilson Saunders, 8-year-old son of Mrs. Georgian A. Saunders, a widow, living at 1228 Pennsylvania avenue southeast, was drowned in the Anacostia River yesterday afternoon, while fishing with several playmates from the sea-wall near the Pennsylvania Railroad Bridge.

The boys were fishing near the mouth of a sewer, where the water was thirty feet deep. There was no one but the boys around when young Saunders fell in the water. His playmates ran for assistance, but before they could get to him he was drowned. The accident happened about half-past-three, and the Harbor patrol recovered the boy about an hour later.

The drowned boy has two brothers. They are Walter Saunders, who works for the Washington Herald, and Paul Saunders, of the Washington Post.

WOULD PROBE BREAD RISE

Head of Master Bakers Urges Federal Investigation.

Memphis, Tenn., Sept. 14.—A formal request that the Federal Trade Commission make an inquiry into the proposed rise in the price of bread was made today by Samuel F. McDonald, president of the Master Bakers of America.

McDonald sent a telegram to the Commission at Washington asking that it hold an investigation and offer to appear as chief witness at the hearings.

Telegraph Tips

New York, Sept. 14.—Four German sailors from the German steamship Belgrano, tied up in the harbor of Corunna, Spain, arrived here as stowaways on the Spanish steamship Antonio Lopez, from Barcelona. The men carried a letter to German consul general here and said they had come in hopes of getting work.

Troy, Kan., Sept. 14.—About ten years ago Isaac Clark swallowed a piece of wooden toothpick. Ever since that time he has been bothered with a cough that physicians were unable to relieve. Recently during a severe coughing spell he found the toothpick in his chest, which proved to be a piece of toothpick.

Mobile, Ala., Sept. 14.—Many strong partridges have been lost in the storm and rains, according to John C. Hensch, game and fish warden. He requests farmers and land owners not to issue game permits next season. Mr. Hensch stated that only in this way can the partridges have a chance to increase.

New York, Sept. 14.—John Lubersky, East Meadow, L. I., 100 years old, had his wife, 90, arrested on a charge of flashing him with a knife. When Lubersky applied for a warrant he said he and his wife had lived together in peace for sixty years, but the spell was broken.

Millville, N. J., Sept. 14.—While drilling for oil 600 feet below the surface at the huge derrick on the land of Lewis Steelman, four miles east of Millville, a huge tooth believed to be that of a prehistoric animal was brought to the surface.

Buffalo, Sept. 14.—Sand Island, it was announced here today, is to be dug gradually out of its home in the middle of the Clarion River, near here, and moved to town. The moving day will last 10 years. It is such a fine grade of molders' sand that very little of it is to be wasted.

St. Paul, Sept. 14.—Thirty thousand automobiles stolen in the United States during the last year, have been unwittingly purchased by representatives of the allies and shipped to the front, according to G. A. Smith, a local detective here today.

Hagerstown, Md., Sept. 14.—Samuel W. Brown, a colored chauffeur of Baltimore, driving an automobile which he said belonged to the widow of "Joe" Gans, the colored prize fighter, was arrested here yesterday for violating the speed law and having irregular tags on his car. Brown was fined \$35 and costs for speeding, but could find only \$15 in his clothing.

Blackburg, Va., Sept. 14.—The board of visitors of the Virginia Polytechnic Institute here decided to bar all secret organizations, and all that now exist there will be abolished. Complaint had been made by the students that secret societies militated against the best interests of the school's standing in athletics.

Chicago, Sept. 14.—George D. ("Buck") Wagner, leader of the Chicago American League baseball team, filed a petition in bankruptcy in the Federal Court, seeking relief from creditors of a billiard hall enterprise which he started two years ago, on the south side, and which recently closed. His liabilities were scheduled at \$100,000, and his assets as nothing.

New Haven, Ct., Sept. 14.—William H. Taft, former President of the United States, will enter upon his sixtieth year tomorrow and a number of congratulations on that event are already being received at his home in this city.

Birmingham, Ala., Sept. 14.—Shortage of freight cars in southern cities for the shipment of ores, fruits and cotton is beginning to assume serious proportions, according to reports from many large market centers. In the Birmingham district the shortage also is affecting the movement of coal, pig iron and other products.

New Orleans, La., Sept. 14.—Rumpling amuck after a quarrel with a street car conductor about a transfer, Seymour Clay, a negro, today shot and killed Joseph Albert, a wealthy merchant, and wounded four others, one an officer. Posses are hunting the negro.

Detroit, Mich., Sept. 14.—Four men were killed, several were seriously injured, and more than one hundred had narrow escapes from death early today when the Working Men's Industrial Home burned. The home was conducted by the Salvation army, and last night was filled with down and outers.

New York, Sept. 14.—Thomas W. Carter and S. Fritz Nave, wealthy hop brokers, were held in \$1,000 bail each for examination in Jefferson Market Court today. They are charged with assaulting a policeman and a chauffeur who was violating traffic rules.

Norristown, Pa., Sept. 14.—Lansdale, a town of less than 3,000 people, reported five new cases of infantile paralysis today, making a total of thirteen cases within four days. There have been no deaths yet.

Trenton, N. J., Sept. 14.—When Katie Demco, of Bridgeton, an inmate of the State Home for Girls here, declared her intention to commit suicide by throwing herself from the window of a third-story room, a fire engine company was called and a life net was spread just as she climbed over the ledge and hung by her hands. Katie changed her mind and firemen pulled her to safety.

Denver, Col., Sept. 14.—Rev. John McNeill announces his resignation as pastor of the Central Presbyterian Church of Denver, and announced he is to be connected with the Young Men's Christian work. He also expected to preach to the troops in Flanders, he said.

Seattle, Wash., Sept. 14.—A police escort was necessary to see Andrew Furuseth, president of the International Seamen's Union, safely from the Labor Temple here last night when a meeting of the Central Labor Council broke up in disorder. Furuseth in a speech sympathizing with the San Francisco Longshoremen's Union in setting a strike there against the wishes of longshoremen at North Pacific ports precipitated the disorder.

Boston, Sept. 14.—The Massachusetts Legislature, meeting in special session, voted to pay \$10 a month each to guardsmen on the border, validated the act of cities and towns in paying the salaries of employees at the front, and in extending aid to their dependents, and extended to voters serving with the guard the right to vote for Federal officials in the November election.

GERMANS LAUNCH SOMME ASSAULTS

Counter-Attack Foe Between Peronne and Combles.

(By the International News Service.) London, Sept. 14.—Twenty thousand Verdun veterans—a full division—hurriedly dispatched from the German crown prince's army to that of the Bavarian prince-apparent, made their debut on the Somme battlefield last night, and since their arrival have launched a series of violent counter-attacks against the French British center between Peronne and Combles.

Berlin announced officially this afternoon that "ground was gained at places," and that prisoners and booty were taken. The Paris war office, on the other hand, in announcing the participation of the Verdun troops in the fighting northwest of the hard-pressed German fortress base Peronne, asserts that their attacks were utterly fruitless.

The Franco-British noose around Comble was further contracted in the course of today's fighting. The French, closing in on the town from the southeast, captured the strategically important Friez Farm.

The British, pushing ahead from the northwest, made further progress north of Glincy.

The German war office disputes this official British headquarters claim, asserting that attacks between Glincy and the Somme were repulsed.

The French stood the brunt of smashing Teuton counter-attacks between Peronne and Combles.

ALLIES SMASH ENEMY'S LINES IN MACEDONIA

Serbs Take Bulgar Trenches—Italians Win in Violent Struggle.

(By the International News Service.) London, Sept. 14.—On both wings of the allied front in Macedonia further progress against the Bulgarians is reported officially today.

The Serbs, on the left flank, west of the Vardar, continued their advance, according to the Saloniki headquarters statement, and captured at the point of the bayonet some Bulgarian trenches between Kovil and Vetrnik.

They also made considerable progress northeast of Lake Ostrova, while northwest of the lake they took a height west of the Dominating Hill, No. 150.

On the right the Italians were again victorious in violent encounters with the Bulgarians, according to the French official account, which is, however, disputed by the Sofia war office.

An undated Bulgarian official statement received here today says attempts by the allies to advance at some points were frustrated by the Bulgarians.

It describes the second encounter between Bulgarians and Italians as having resulted in a rout for the latter and the capture by the Bulgarians of an officer and eighty-seven men.

ATTEMPT TO DISCREDIT PANAMA CANAL SEEN

Officials here yesterday declared their belief that a propaganda to undermine the public faith in the Panama canal was being made by the Bulgarians, they said, probably was to create sentiment for the building of a new isthmian canal over the Nicaragua route.

It was said agitators are taking advantage of minor mishaps at the canal, such as slides, which were foreseen by the Panama canal's builders, and were predicted for a few years after the completion of the waterway.

The Panama canal, it was declared, will be adequate for all purposes for many years to come, and there is no need, either from an economic or from a military standpoint, of a new canal over the Nicaragua route.

FALL OF HALICZ NEAR AS RUSSIANS CLOSE IN

(By the International News Service.) London, Sept. 14.—Unofficial dispatches from Petrograd today reporting the capture by the Russians of Halicz, the fortified "gate" to Lemberg, sixty miles south of the Galician capital, failed to be borne out by the Russian war office statement issued late this afternoon, which characterized the situation on Russia's western front as "unchanged."

The Muscovites, however, are steadily closing in on the important town, according to dispatches from the front, and its fall is believed inevitable. The Russians suffered a serious reverse on the Halicz front last week, which necessitated the bringing up of fresh reserves.

TURKEY ALLOWS RELIEF OF STARVING SYRIANS

The State Department was advised yesterday that the Turkish government has consented to permit the American Red Cross acting in Syria, the Red Crescent, to administer relief to the starving population of Syria.

President Wilson, in accordance with a resolution of Congress, already has designated October 21 and 22 as Armenian-Syrian relief days in the United States.

American Ambassador Elihu B. Loring arrived in Constantinople, and it is expected he will report at an early date on Turkey's attitude toward other measures for the relief of the Armenians proposed by this country.

HUGHES SPENDS QUIET DAY.

G. O. P. Candidate Receives No Visitors at Summer Home.

Bridgeton, N. J., Sept. 14.—A morning and an afternoon motor ride with Mr. Hughes comprised the complete activities of Charles E. Hughes today.

The remainder of his time was spent resting in a hammock on the front porch of Tremeden, scanning the newspapers, and conversing quietly with Mrs. Hughes over the veranda of the transatlantic tour.

The candidate saw no visitors today and has no appointments for tomorrow. He will go to New York Sunday evening.

Famous Venetian Church Struck by Enemy Bombs

(By the International News Service.) Rome, Sept. 14.—Austrian seaplanes bombed Venice last night, hitting St. Paul and St. John's Church, and an asylum for destitute men. The seaplanes also bombarded Chioggia, causing small fires.

Fine Arts Director Ricci stated that a bomb hit the roof of St. Paul and St. John's Church of Venice almost in the middle of the central nave, then followed a diagonal course, and exploded near the wall of the lateral nave, making a hole three feet in diameter.

Only two frescoes were slightly damaged. Every window pane was shattered. The Vivarini colored pane is safe. It had been removed.

CAPITAL BACKED FOR PLANT SITE

Cities not Seeking Armor Factory Favor Washington.

Cities which make no claim for the new \$11,000,000 government armor plant will support the contention of the local committee that Washington is the ideal site for the new industry, according to officials of the Chamber of Commerce last night.

Members have been active for the past two days urging support of the campaign to bring to the capital the new government factory, which will employ from 12,000 to 14,000 operatives. The majority of the outside cities have replied that they endorse the movement to have the armor plant in close proximity to the seat of Congress and the home of navy executives.

Navy officials concluded their hearings on the claims of various localities for the location of the plant yesterday, and of the 120 cities seeking the industry, none presented stronger arguments than Washington.

President P. T. Morgan of the Washington Chamber of Commerce had an opportunity to make his case.

SUBMARINE LINER SIGHTED NEAR BOSTON

(By the International News Service.) Boston, Sept. 14.—A German merchant submarine was spoken today 300 miles off Nantucket, according to a report reaching here.

The identity of the undersea craft was not disclosed. It is believed here is the Bremen, the Amerika, or possibly the Deutschland, on a return trip to the United States.

A pier already has been prepared at New London for the vessel.

MEXICO MUST REFORM OR TROOPS WILL STAY

American Force Not to Withdraw Until Regeneration Comes.

(By the International News Service.) Hotel Griswold, New Haven, Conn., Sept. 14.—Evidence accumulated today that the American army will not be withdrawn from Mexico until the Carranza government effects its promised political, social and industrial reforms.

At the same time the American and Mexican joint commissions have been discussing Carranza's program for Mexico's regeneration. The American delegates have been holding a separate meeting to obtain all possible detail from the War Department concerning the military situation, both inside of Mexico and on the border.

To put these facts in still more concrete form the American commission sent for Gen. Tasker H. Bliss.

All this afternoon Commissioners Lane, Gray and Mott were in conference with Gen. Bliss about the navy yacht Sylph near the Hotel Griswold landing. They discussed a dozen or more ways of protecting the border against future Mexican raids. Among these schemes are the following:

A neutral zone along the international border 50 to 100 miles wide. Within this "denationalized" region Americans or Mexicans may be free to pursue and capture the law-breakers of either country. Such a plan was first formulated under Gen. Grant.

A chain of block houses reaching along the whole frontier, guarded by United States troops, all of whom may be called into action immediately in an emergency.

A system of alternate Mexican and American garrisons, with no troops at all quartered around such towns as El Paso or Juarez.

AMMONIA TANK BLAST KILLS 6, INJURES 3

(By the International News Service.) New York, N. Y., Sept. 14.—Six persons were killed here this afternoon during a test of an ammonia tank just installed in the new plant of the Interstate Milk and Cream Company.

The dead are: Samuel R. Botkin, president of the company, Newark; Louis Markowitz, son-in-law of Botkin, Newark; J. M. Ballou, of Richmond Hill, Long Island; Louis Eilers, Newark; Harry Lutz, employed by the Frick Mill and Machine Company, of Waynesboro, Pa.; Charles A. Cain, of New York.

Three men were injured.

MILKMEN SEEK TO SPARE USER

Economies Urged to Offset Higher Production Price.

That the rates they are receiving for milk must be raised about one cent a quart was the consensus of opinion among those who attended the meeting of the Maryland and Virginia Milk Producers' Association Committee yesterday afternoon in the Munsey Building.

This does not necessarily mean a raise in the prices now being paid by the consumer, as the members of the committee and experts of the Department of Agriculture believe that some economies along the line of production and delivery of milk certain overhead charges may be reduced to such an extent as to guarantee the required additional revenue without taxing the general public.

It was to attain this end that the meeting was called. The committee recently appointed by the producers of Maryland and Virginia have requested the Agriculture Department to furnish data gathered from all parts of the country on the cost of production and distribution of the product. The Department has also been asked to gather as complete statistics as possible concerning local conditions.

About 1,600 producers were represented at the meeting and all the

CAR PEACE TOMORROW OR 75,000 WALK OUT

New York Leader Threatens Sympathetic Strike—Plans Ready.

(By the International News Service.) New York, Sept. 14.—Unless the car strike is settled by Saturday, every one of the 75,000 trades unionists in New York connected in any way with transportation facilities will walk out. They will be ordered to quit work on Monday.

This threat was made today by J. P. Holland, president of the State Federation of Labor, in an address he delivered in Union Square.

He put the settlement of the strike squarely up to Mayor Mitchell and Oscar S. Straus, chairman of the Public Service Commission.

William B. Fitzgerald, general organizer of the Amalgamated Association, made a similar threat in a statement issued today. He said:

"We have no fear as to the result of this battle. There are 400,000 men and women enrolled in labor organizations in this city ready to assist us at the right moment, and they will quit every shop they are employed in if it is necessary to maintain the principle for which we are fighting."

COLONEL URGES MOOSE TO DEFEAT SEABURY

(By the International News Service.) New York, Sept. 14.—Col. Roosevelt issued a bugle call to Bull Moosers today to defeat Samuel Seabury for the gubernatorial nomination at next Tuesday's primaries.

Chairman George W. Perkins, of the Progressive National Executive Committee, called upon the 47,000 enrolled Bull Moosers to nominate Governor Whitman. Through John W. McGrath, the Colonel promulgated this statement:

"Col. Roosevelt has expressly authorized me to say that he is not supporting Justice Seabury in the Progressive primary. On the contrary, Mr. Roosevelt has stated explicitly to the Progressives, who had asked him to support Justice Seabury, that he would not do so because Mr. Seabury is supporting Mr. Wilson."

TAFT ASSAILS WILSON; CALLS POLICIES UNSAFE

(By the International News Service.) New York, Sept. 14.—Former President William H. Taft bitterly assailed President Wilson in a letter received from him today by the Hughes National College League.

"There are so many reasons why Mr. Wilson should not be continued at the head of the administration," Taft writes, "that some important ones are apt to be forgotten."

"It is of the highest importance that in the very critical issues that are to be met in connection with the ending of the war, we should have a consistent and intelligent policy of a constructive and courageous nature, and this cannot be predicted of a continued Democratic administration."

VILLA NOW ADVANCING ON VILLA AHUMADA

(By the International News Service.) El Paso, Texas, Sept. 14.—Pancho Villa and his 400 followers are advancing on Villa Ahumada, 120 miles south of Juarez on the Mexican Central Railway, according to persistent reports here.

It is said that he has overcome a detachment of the de facto troops which had been sent to meet him by Gen. Trevino, commander of the Carranzista troops in the state of Chihuahua.

More than 500 infantry, with four cannons, were sent south from Juarez today to Villa Ahumada on instructions from Gen. Trevino, who fears that Villa will attack Ahumada and cut the railroad there.

Germany's Iron Output Increases.

Berlin (via Sayville), Sept. 14.—The German output of pig iron for August was 1,145,000 tons, against 1,134,000 tons in July, or 36,000 tons per working day in August, against 35,500 in July.

LITTLE MOSES IN SUITCASE.

Maryland Couple Try to Evade Infantile Paralysis Quarantine.

Chambersburg, Pa., Sept. 14.—State Guard William Iser, of the Pennsylvania force, while on duty at Shady Grove, heard a faint wail of a baby on Sunday, as though in the trolley car about to start for Waynesboro. He knew the infant had been taken aboard and investigated.

A young couple from near Hagerstown sat together, and in front of them was a large suit case, with the top not quite closed. Iser opened it up, and there lay a year-old baby, snug as a bug in a rug, but hungry and fretful. The young couple had no certificate, and tried to evade the guard in this manner. They were sent back into Maryland, with little Moses in the suit case.

TO TUNNEL THE BOSPHORUS.

Engineers Call Project Feasible and Financially Profitable.

Berlin, Sept. 13 (via London, Sept. 14).—A project for the construction of a tunnel under the Bosphorus is being discussed at Constantinople. Engineers have worked out detailed plans showing that the project is feasible and financially profitable, while its strategic importance is obvious.

SPARES LIFE FOR TOMATO.

Small Boy Holds Up Other Small Boy with Pistol.

Trenton, Sept. 14.—Eight-year-old Joseph Undicks held a revolver to the head of Frank Miller, the same age, today, and said he was going to shoot.

Frankie had a nice ripe tomato in his hand and he said: "If you don't shoot me I will give you this tomato."

"All right," said Joseph and he did not pull the trigger.

The case was heard in court today, but Judge Geraghty allowed the boys to go because of their ages.

BOY DROWNS IN RAIN BARREL.

Stefan Laniegan's Curiosity Costs Him His Life.

New York, Sept. 14.—Stefan Laniegan, 5 years old, of Winfield, Queens, was missed from the house yesterday, and his mother and sister began looking for him.

After two hours' search, in which the neighbors helped, some one thought of the rain barrel. There Stefan was found, his feet protruding from the top. He had stood upon a box to peer in and had lost his balance.

SALE OF ART CONDEMNED.

French Chamber Denounces Plan to Sell Masterpieces to U. S.

Paris, Sept. 14.—The Luxembourg paintings to the United States to restore France's trade balance caused a tumult in the chamber of deputies this afternoon. Jules Delahaye denounced the idea from the tribune. The chamber of deputies, the president had to call the house to order. No action was taken to further the proposal.

PICKS UP \$1; LOSES \$29.

Man's Pocket Is Picked While He Stoops for Bill.

St. Louis, Sept. 14.—"Pardon me, but did you drop that bill?" queried a stranger Michael O'Hara, as he pointed to a \$1 bill on the floor of a car at Third street and Washington avenue.

O'Hara stooped over to pick up the bill, at the same time thanking the stranger. A few seconds later he discovered that while stooping over he had been robbed of a purse and \$29 from his hip pocket.

VILLA PLANS NATIONAL FETE.

Funston Believes Bandit Is Preparing Big Celebration.

San Antonio, Tex., Sept. 14.—Gen. Funston made the positive declaration today that Francisco Villa had been definitely located at Guerrero, state of Chihuahua, about seventy-five miles northwest of Chihuahua City.

He said that from the information he had received he judged that Villa was apparently planning a celebration at Guerrero on September 16, Mexico's fete day.

MEXICANS KILL MILITIAMEN.

MARSHALL RAPS G. O. P. POLICIES

Vice President Answers Republican Attacks.

(By the International News Service.) Indianapolis, Ind., Sept. 14.—Vice President Thomas R. Marshall was notified at his home here tonight of his nomination by the committee appointed by the Democratic national convention.

Mr. Marshall in his speech accepting the nomination ridiculed the fears of the Republicans for the permanence of present policy in the war and attempted to show that these were entirely inconsistent with a determination to sell more American goods abroad. He said, in part:

"What must we do to be saved? Trust the Republican nodding to answer that the entrails have disclosed that common prudence dictates raising tariff duties, so as to prevent the dumping of pauper-made, cripple-made and orphan-made goods upon our market to the detriment of the honest working man and that while doing this we should go out and pre-empt the markets of the world."

"How, if it be necessary to protect our working men, we can capture against the markets of the world when they may freely enter, elude the understanding of every intellect save those who blindly worship the Baal of Protection."

"But the Democratic party is a growing progressive party. It waives its ancient views as to a tariff commission, now that the tariff has been lowered and wealth has been made to bear its fair proportion of the burdens of government, and it proposes to ascertain the reason for the present economic distress here and abroad, and to put the difference into the tariff schedule, if

HELP NEEDED IN WEST, DEMOCRATS DECLARE

"Macedonian Call" Sent to Wilson From Pacific Coast.

(By the International News Service.) Asbury Park, N. J., Sept. 14.—President Wilson heard the echo of the Hughes campaign in the West today when a vast number of executive officers from the Pacific coast states here for the first time. More than a score of letters were received from the Pacific Coast States urging that the National Committee be directed to send speakers through the territory traversed by the Republican campaign.

The Democratic leaders of the State of Washington were insistent in their demands for assistance. Oregon was optimistic and claimed the State for Wilson, admitting that Hughes had gained strength in California called loudly for help.

The President, it is said, is willing, if not anxious, to fill as many speaking dates as
